ICARO BAPI-HANDLER

1. Version

The buyer or his representative has access to a version of BAPI-Handler („the SOFTWARE“) at the date of acquisition of the SOFTWARE.
ICARO Software only accepts rights and obligations for this version of the SOFTWARE.

2. License

Upon purchase of the SOFTWARE, the buyer or his representative receives a license file which is necessary for the operation of the SOFTWARE.
ICARO Software reserves the right to reissue the license in case of a maintenance contract or troubleshooting.

3. Maintenance contract

The buyer is entitled to newer versions of the SOFTWARE if he maintains a valid maintenance contract with ICARO Software.

Please contact us at info@icaro.com in case you are not sure if you have the right software version for your license.
